Autumn Newsletter 2013

Dear Horse Lover,

EQUESTRIAN VISION - moving with the times!

Welcome to our annual newsletter which I am writing from our fabulous new offices at Nightingale Farm which we have just moved into - please note our new contact details.

Our main project this year has been to embark on a new publishing venture with our "Little Book" titles. Our aim is to build up a comprehensive library of equestrian titles that will compliment our existing DVD library. In addition we are branching out into the Country Sports market and will be offering a whole range of new products next year.

NEW RELEASES AND BEST SELLERS

As mentioned our new "Little Book" titles are the start of an ongoing project and all eventing fans are well catered for this Christmas with the Eventing, Badminton and Burghley books! These are ideal gifts/stocking fillers, especially for the young aspiring event riders in the family not to mention other family members, staff and friends who follow the sport.

For dressage fans our no 1 this autumn is coverage on DVD and pay per view of The Dressage Convention hosted by Richard Davison and Carl Hester at Bury Farm Equestrian Centre in October. For the first time our customers are able to watch the sessions on our website. In addition every riding session is available on a double DVD. Joining Richard and Carl are Charlotte Dujardin, Sylvia Loch and Miguel Ralao making this a truly star studded performance including 2 British Olympic Gold medallists!

We have also just secured the DVD rights to the FEI European Dressage and Show Jumping Championships 2013 so all British supporters can wallow in the unprecedented success of their riders.

NEW TECHNOLOGY

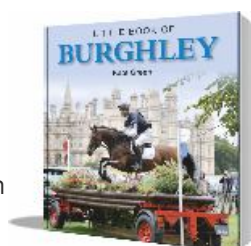

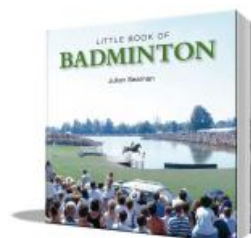

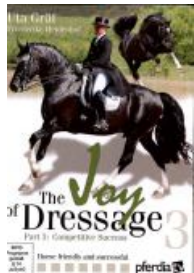

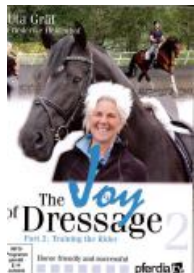

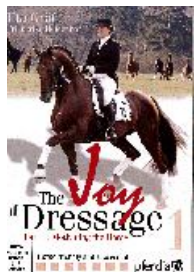

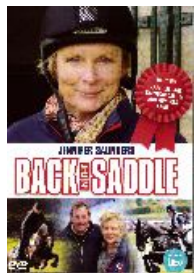

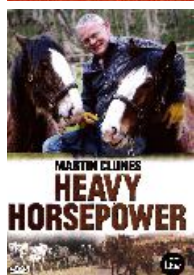

As well as being available on DVD much of our programming is also now available as a download on App through www.horsehub.info. This allows you to watch specific training subjects at a fraction of the cost of the whole DVD as well as longer programmes on your handheld screen.

The Dressage Convention is the first event we have hosted as a pay per view on our website but I plan for this to be the first of many as access to broadband spreads and improves and good quality equestrian programming is made available by Equestrian Vision via the internet worldwide.

So make sure you constantly check out our new look website for everything we can offer you on screen, disc and in print. The choice will be constantly growing! Meanwhile let our titles listed in this newsletter solve your gift/Christmas present problems.

Have a great Christmas and New Year.
