Results from Google Books. Prices fell sharply between the wars and average incomes rose by about a third. The term "property-owning democracy" was coined in the 1920s, and three million houses were built during the 1930s. Land, labour and materials were cheap: a bungalow could be purchased for £225 and a semi for £450. The middle class also bought radiograms, telephones, three-piece suites, electric cookers, vacuum cleaners and golf clubs. Such accounts exaggerated and falsified the social impact of the depression. It was, says Pugh, essentially a regional affliction. Hardship was concentrated in central Scotland, the north of England and south Wales, where mature industries such as coal-mining and ship-building were in precipitous decline. British theatre in the 1940s. During the war years there was a surge of interest in the arts. Many civilian and military audiences experienced drama, opera and ballet for the first time. CEMA, the Council for the Encouragement of Music and Arts, was set up in 1940 to provide war-time entertainment and money was given to companies to perform in military camps. CEMA Exhibition of Ballet Design, poster, 1943, England. Museum no. S.3460-1995. © Victoria and Albert Museum, London. After the war, CEMA was renamed the Arts Council of Great Britain and extended its arts funding to include the Royal Co

Britain between the wars In 1929, the Wall Street Crash plunged the USA into economic depression. The Americans stopped imports of goods. This created a depression across the rest of the world. Instead of letting this happen, the Government borrowed money from foreign banks to keep its value, but as condition, Britain had to make cuts in state benefits and in wages. Anyway, the pound was devalued a month later. The president cancelled the construction of new roads and schools.
